

DeOrganized Media + Rising Tide Protocol

Empowering Creators & Driving Bitcoin Adoption

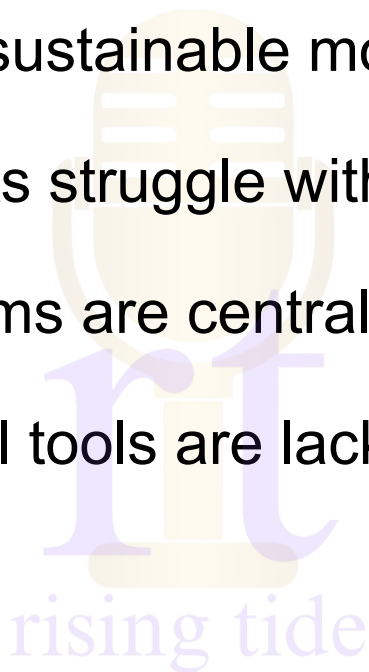

Decentralized Media Meets Bitcoin L2

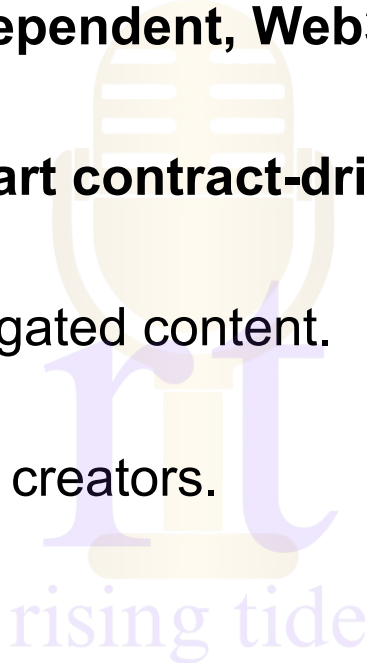

Creators and Web3 Projects Struggle with Monetization & Exposure

- Creators lack sustainable monetization options.
 - Web3 projects struggle with media outreach.
- Current platforms are centralized and extractive.
- Access control tools are lacking in functionality

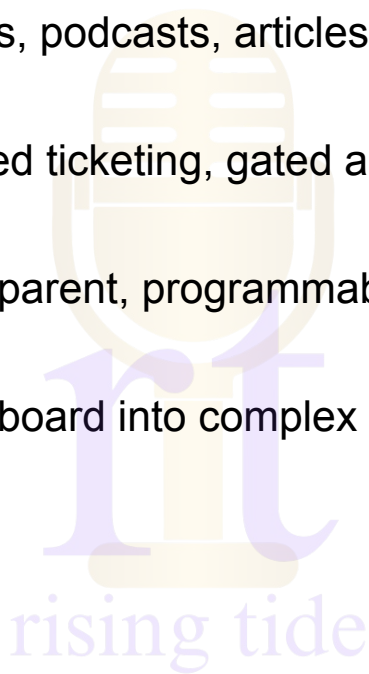

A Decentralized Media and Monetization Suite

- DeOrganized Media: **Independent, Web3-native media network**
- Rising Tide Protocol: **Smart contract-driven monetization**
- NFT-based ticketing and gated content.
- Direct P2P commerce for creators.

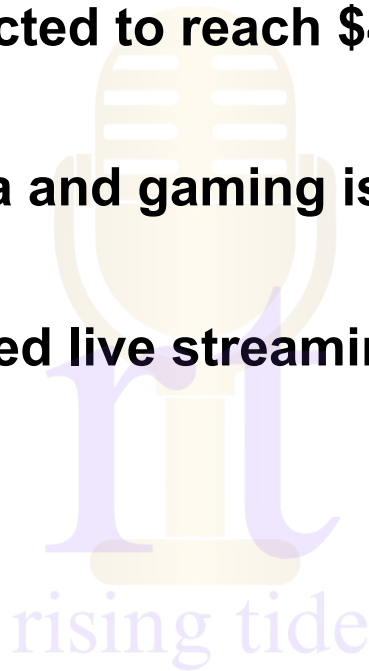

Built on Stacks, Powered by Bitcoin

- **DeOrganized Media:** Live shows, podcasts, articles, and project coverage.
- **Rising Tide Protocol:** NFT-based ticketing, gated access, and event monetization.
- **Stacks Smart Contracts:** Transparent, programmable revenue streams.
- **BTC Integration:** No need to onboard into complex DeFi systems.

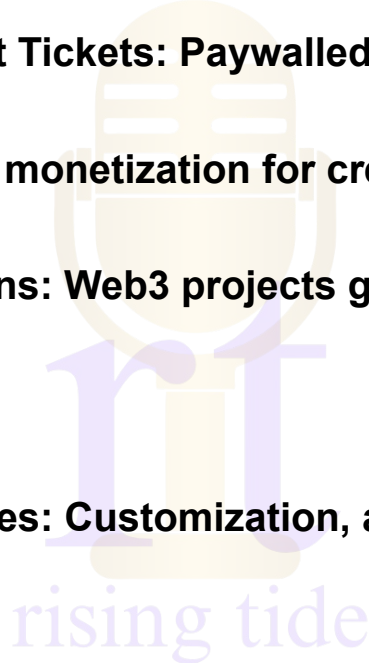

Built on Stacks, Powered by Bitcoin

- **Creator Economy projected to reach \$480B+ by 2027.**
- **Web3 adoption in media and gaming is accelerating.**
- **Demand for decentralized live streaming & event platforms is growing.**

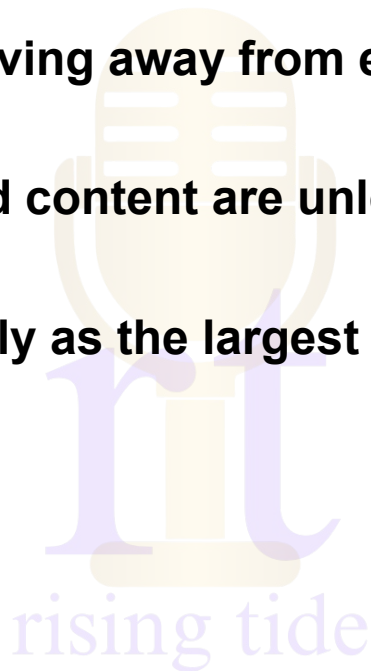

Multiple Revenue Streams for Growth

- **NFT-based Show Passes & Event Tickets:** Paywalled live streams & gated content.
- **Creator Revenue Sharing:** Direct monetization for creators via Rising Tide.
- **Sponsorship & Project Promotions:** Web3 projects gain exposure via DeOrganized Media.
- **Platform Fees & Premium Features:** Customization, analytics, and premium placements.

Web3 Needs a Decentralized Media and Monetization Platform

- **Web3 communities are moving away from extractive platforms.**
- **NFTs, DAOs, and tokenized content are unlocking new business models.**
- **Stacks L2 is growing rapidly as the largest Bitcoin Layer 2.**

DeOrganized Media & Rising Tide Are Already Gaining Momentum

- **DeOrganized Media:** 300-600 live viewers per show, 100+ Web3 projects covered.
- **Rising Tide:** MVPs created across multiple verticals for early alpha testing, ticketing/access model in development.
- **Partnerships:** Active discussions with Web3 projects and Stacks ecosystem.

What's Next for DeOrganized & Rising Tide?

- **Q2 2025: Full launch of NFT-based ticketing.**
- **Q3 2025: DeOrganized Platform Expansion (streaming, articles, games, music, art).**
- **Q4 2025: Web 2 and Web 3 integrations.**
- **2026: Scaling adoption across Bitcoin & Web3.**

Join Us in Revolutionizing Web3 Media

- **Seeking funding and partnerships to accelerate development.**
- **Expanding Rising Tide's adoption across creators and communities.**
- **Onboarding top-tier projects for sponsorship and media coverage.**

Meet the Builders Behind the Vision

- **Stephen Perrino (@PeaceLoveMusicG): DeOrganized Founder, Media & Product Strategist.**
- **TripnM0nkey: Rising Tide Engineer, Smart Contract Dev.**
- **Brendyn "Haddy" Hadfield: Business Development Strategy.**
- **Supporting Team: Designers, content creators, and developers.**
